BE OUR GUEST

I'm writing to extend a personal invitation for you to join me at the Computer History Museum on the evening of Saturday, April 26, as we induct the 2014 Fellow Award winners at our annual Fellows Gala Dinner. The 2014 Fellows represent a remarkable group. Their creativity, persistence and vision have led to breakthroughs that we see, feel and use every day. We're proud to honor them at this special event.

This invitation is open to you as my personal guest.

THE 2014 FELLOW HONOREES

Lynn Conway
for her work in developing and
disseminating new methods
of integrated circuit design.

John Crawford
for his seminal work on
industry-standard
microprocessor architectures.

Irwin Jacobs
for his pioneering work
in digital mobile telephony, data
and communications technology.
