Hi Veronica,

Just checking in to see if you received my recent message (see below).

I'd also appreciate it if you'd put me in contact with the person who'll be sending the permission
letter/e-mail.

Thanks!

Hi Veronica,

I've appended below my earlier message to Jocelyn Dong, regarding seeking permission to
reprint a photo from the August 3, 1983 Palo Alto Weekly in an upcoming article I'm writing
for the IEEE Solid State Circuits Magazine (a professional-society publication).

I've attached a scan of the cover of that issue, and also a scan of the complete photo. And here's a link to the magazine website, so you can see the type of publication it is:

<http://sscs.ieee.org/ieee-solid-state-circuits-magazine.html>

I'd appreciate it greatly if someone at the Weekly could provide me with written permission to reprint that photo in my upcoming article (an e-mail reply would be fine). I'll be sure to include a photo-credit to the Palo Alto Weekly

Many thanks for your help on this!

Lynn

Dear Jocelyn,

I'm writing to seek permission to include a photo that was published in the August 3, 1983 issue of the Palo Alto Weekly in a career-memoir article that I am writing for the IEEE Solid State Circuits Magazine.

The photo was taken by photographer Margaret Moulton. It shows me in my office at the Xerox Palo Alto Research Center, and was used on the front cover of that Weekly issue. I've

attached copies of the photo and the cover of that issue, for your convenience in identifying the item.

I've already received permission from Margaret (mfmoulton@gmail.com) to use the photo in the SSCM article, and I'll include a photo-credit for her when doing so. I'd greatly appreciate it if the Weekly would also provide permission to use the photo in that article. I'll be sure to also include a photo-credit for the Weekly.

Many thanks for helping on this!

All the best,

Lynn
