Dear Stefanie,

I was awarded the Wetherill Medal of the Franklin Institute back in 1985, along with my colleague Carver Mead of Caltech.

I'm writing to seek your assistance in obtaining permission to use the award photograph from the medal ceremony (with due credit to the Franklin Institute) in a historical retrospective article I am writing for the IEEE Solid State Circuits Magazine. I've attached a jpg of the photo so that it can be identified by the staff there, and am hoping that obtaining this permission will be an easy formality.

That photo is of historical interest and will nicely enhance the upcoming article. I'd sincerely appreciate your help in expediting this request within The Franklin Institute.

Many thanks,

Lynn
